Aquasail introduces Beneteau French speed boats in India

CHANDIGARH, JULY 29 : Aquasail, India's leading distributor of leisure yachts and power boats has introduced 2 new luxurious French speed boats in India – the Antares 7 and the Beneteau Flyer 650 WA. Over the past century, the Beneteau brand has come to symbolize the very best in design, build quality and styling.

A perfectly built day cruiser, the Antares 7 is the first truly multi purpose inboard model of the Antares range, designed for a programme of both fishing and cruising. Its large wheelhouse features a twin driving position and a compact kitchen. The interior of the Antares 7 is distinctive for its large oval saloon. With a separate head compartment, well equipped kitchen and a generous stowage space, everything combines to make coastal cruising truly satisfying.

The new Beneteau Flyer 650 WA is highly functional, multi-purpose, easy to drive and maintain. Fishing, diving, skiing, wakeboarding or 'day cruising', the Flyer 650 WA delivers. The Flyer 650 WA design is comfortable, spacious, stable and fast.
